## Experience certificate

### To Whom It May Concern

This is to certify that Mr. Hafiz Ahmad Hassan was working as a Research Assistant with me at FAST NUCES Lahore from August 2018 till January 2019. During his tenure as the Research Assistant I found him hardworking and dedicated to his work.

He planned and performed various experiments and used to be consistent in his results. He not only got trained but also trained several other students. He is much updated with the current scientific literature and is good in interpreting his results. He also maintains a good rapport with the lab mates and is very polite and friendly with all the members of the research group. His technical skills are exemplary and he would be an asset to any organization. He has very good communication skills and is very good in English language. With this background I wish him the very best in all his future endeavors.
